### "Open Pair/Team" Explained

In the Pair/Team game all players have 2 ways to win! The pair portion of the event runs as a regular match point game. In the team portion, the players starting at your table will be your teammates. Pairings for the team portion will be made by the computer. The game starts after your teammates move to the next table; you never play against them. Players receive the higher number of points they earn, either as a pair or as a team. For example, if in the pair portion a pair earns 1.12 MPs but in the team game they achieve 4.5 MPs, they get the 4.5—all silver, all for the price of one event!

All participants must be ACBL members. A temporary, one month, \$7.99 membership is available for players who have never had an ACBL membership. Memberships may be purchased online or from the Director. This new ACBL policy replaces the extra fee for non-members.
